ABOUT US

Fortuance Security Company is a Zimbabwean company dedicated to providing reliable security services. We are highly skilled and trained in offering security services, ranging from individual needs to private and public entities. We make sure we take our time to understand the client's needs and wants and appreciate the environment, in order to deliver appropriately matched services. Our Management team is highly qualified and skilled to ensure that the business runs smoothly and ethically. Our ultimate aim is to develop lasting relationships and best client experiences. The security personnel we have are regularly trained and highly monitored to guarantee safety and to give clients peace of mind.

OUR MISSION

Fortuance Security Company exists to provide reliable security services that give our customers peace of mind. Our services include Disciplined Security Guards, V.I.P Protection and Personal Security Aides. We strategically position ourselves in both the private and public sector, scanning and understanding the environment we operate in so as to offer effective security solutions tailor-made for each client. Our management team and security personnel will deliver unparalleled service as they will continuously enhance their skills and knowledge.

OUR VISION

To become the leading security company that provides comprehensive personalised VIP security in Zimbabwe and beyond.

CORE - VALUES

- Safety - Safety of our customers and our personnel is our number one priority.
- Integrity - We engage professionally with all stakeholders, guided by the highest ethical standards.
- Innovation - Embracing technology to effectively offer competitive services
- Accountability - We are responsible for our actions and will leave no issue or crisis unresolved.
- Confidentiality - This actively reminds us of our reason for existence and to earn trust of those we serve.

VIP PROTECTION

OUR SERVICES

- **Disciplined Security Guards**
 - **V.I.P Protection**
- **Personal Security Aides**

OUR TEAM

We have 2 Directors who are Shareholders of the company, with one of them being hands-on and involved in the running of the business as he possesses expertise in the security services sector. The business is run by the Managing Director who oversees daily operations. He is highly skilled and certified in managing security services and leading teams. He also has a reputable background of training security personnel for fitness, defence, confidentiality and ethical conduct. We also have a Marketing and Communications Manager and an Administrator. Both are highly qualified and skilled with vast experience in the industry. We always ensure that clients are treated with dignity, integrity and respect. This creates long lasting relationships with them. We also have a Security Supervisor as part of the management team who monitors and liaises with security guards on duty to ensure clients receive the best service. Our team of security guards is regularly trained and possesses the highest work ethic. They value confidentiality and privacy
